MEETING FAVORABLY IMPRESSED WITH STATEMENTS

Messrs. Merritt and Keeney Were Told That it Was Believed They Have a Good Proposition - Committee Take Up Matter.

On Thursday afternoon in the board of trade rooms there was a gathering of about fifteen citizens interested in the proposition to thave an auto and engine factory located here. F. W. Merritt of New York arrived here on Merritt of New York arrived here on Tuesday morning, and with Dr. J. W. Keeney appeared before the meeting, being presented by Chairman L. R. Church of the industrial committee.

Mr. Merritt who is president of the Merritt Engineering company, presented a statement regarding the proposition they have. The company is incorporated under the New Jersey laws for \$236,000. It is desired to locate wherever possible for the purpose of putting the concern in the way to fill the orders which it can have as soon as it is in a position to promise a delivery. It is decired that \$75,000 be subscribed here, and it is desired that subscribed here, and it is desired that \$5,000 at least be secured as soon as possible, so that there can be an equippossible, so that there can be an equipment of the factory so that a car can be produced and given a trwout before the big auto show in New York in January. It is intended if the citizens here take up the proposition to have the factory started in 36 to 60 days, which will allow for the turning out of cars so that one can be fully tested out and placed on exhibition at the annual show. There, it is claimed, enough orders can be booked to keep the plant busy for the entire year, which would be 100 machines the first year.

The same equipment which will be needed for the autic will serve for the fuel engine, and a list of inquiries and statements from concerns that the engine would be ordered in various sizes as soon as it is on the market was read.
